LPA SA LABAS NG PAR

Isa nang tropical depression ang Low Pressure Area (LPA) na binabantayan sa labas ng Philippine Area of Responsibility (PAR), ayon sa update ng DOST-PAGASA, 8 a.m. ngayong Sabado, Aug. 8.

Samantala, bagama't lumabas na sa monitoring domain ng PAGASA ang Bagyong Dolphin (international name), patuloy pa rin itong binabantayan dahil sa pabago-bago nitong pagkilos at maaaring pumasok ulit ng domain.

Three quotes to build our job and invoicing system: **$32,500**, **$28,000**, and one shop that never called back.

I described what we needed in plain English instead. It was running the next morning. Crew logs hours on their phones, customers get invoices automatically, and I stopped paying for four separate subscriptions.

Wish I had stopped waiting on a developer two years ago.

NO MORE HBO CHANNELS ON CIGNAL

Cignal is removing five HBO channels on its lineup after a non-renewal of its current content carriage agreement.

Starting September 1, 2026, the following channels will be removed from Cignal and prepaid service SatLite's satellite TV lineup:

- HBO
- HBO Hits
- HBO Signature
- HBO Family
- Cinemax

The channels will be removed earlier on streaming service Cignal Play on August 15, 2026.

It is also discontinuing the HBO Max content add-on and the HBO Max Plan 549, which is its Postpaid Plan 290 or Prepaid Plan 300 bundled with an HBO Max Mobile access and Cignal Play Premium.

HBO has been one of the longest international movie channels that have been on the satellite TV provider's lineup.

with an HBO Max Mobile access and Cignal Play Premium.

HBO has been one of the longest international movie channels that have been on the satellite TV provider's lineup.

In place of these channels, it is adding Tap DMV -owned Studio Universal starting August 15, featuring mostly films and related content from Universal Pictures.

The beIN Sports channels will also return on Cignal and be made available on a cheaper plan starting September 1. The channels have broadcast rights to Formula 1, major soccer leagues, tennis grand slams, and other international sports.

All of the new and returning channels will be available in HD on the cheapest postpaid plan and prepaid load 300 and up.

For those looking to watch HBO on cable television in the Philippines, some of its channels remain available satellite TV provider GSat and IPTV service SkyTV. You can also check your local cable provider's channel listing.

HBO content is also available on streaming via HBO Max, with plans priced from P149 (Mobile only) to P399 (Premium) per month.

‘HALATA NAMAN’

Nagkomento si Mamamayang Liberal Rep. Leila de Lima sa hamon ni Vice Pres. Sara Duterte kay Department of National Defense (DND) Sec. Gibo Teodoro na pangalanan ang mga opisyal ng pamahalaan na nagde-defend sa China sa usapin ng West Philippine Sea.

Tanong ni de Lima: Kailangan pa raw bang pangalanan kung halata naman kung sino ang mga ito?

“Simple lang: ‘Yung mga tinatamaan sa pahayag na pro-China sila, patunayan nilang hindi. Tigil-tigilan nila ‘yung pananahimik o pagtatanggol pa sa mga pang-aalipusta, panggigipit, at pangangamkam ng China sa ating teritoryo,” ani de Lima. I via Marianne Enriquez

Right-wing lawyer Abelardo de la Espriella has been sworn in as Colombia's president after winning a run-off election. The choice signalled a decisive break from the strategy of negotiated peace with those groups pursued by outgoing leftist leader Gustavo Petro.

The Democratic Republic of Congo is preparing its first census in 42 years, a digital, tablet-based count that many residents hope will finally give them official identity documents and recognition after decades without them.

But with general elections due in 2028 and armed conflict still displacing communities in the east, opposition figures and civil society groups worry the count could become politically contested.

Explain absence in SONA si VP Sara? Ano sya, estudyante ? I dont agree with her statement about designated survivor, but Congressmen do not have any jurisdiction over a VP. They can cut her budget, though.
